

Rhine-Waal University of Applied Sciences in Kleve and Kamp-Lintfort, Germany, offers an innovative and international academic atmosphere combined with first-rate teaching and over 30 interdisciplinary bachelor's and master's degree programmes, the majority of which are taught in English. Rhine-Waal University of Applied Sciences is committed to excellence in research in engineering, technology, the natural and social sciences, and is home to some 6,000 students hailing from over 100 different nations.

Rhine-Waal University of Applied Sciences is located in the scenic Lower Rhine between the economic hub of the Rhine-Ruhr metropolis and the Netherlands. Its central European location ensures that both campus locations are easily accessible via three international airports: Amsterdam (Schiphol), Düsseldorf and Weeze.

We are currently inviting applications for the following vacancy in the Faculty of Life Sciences, Kleve Campus, to be filled as soon as possible:

Reference number 07/F2/17

Lecturer (m/f) in the field of "Food Science", German TV-L pay scale E13, limited contract for 2 years, part time with 75 % of the average weekly working hours of a full time employee and a teaching load of 18 contact hours

Your tasks:

- Prepare, implement, and follow up lectures in the modules "Product Development", "Quality and Safety", "Process Technology" as well as "Food Chemistry and Analytics"
- Independently develop new teaching materials in agreement with the head of the Master study course and the heads of individual modules
- Coordinate and supervise student projects
- Supervision of Master theses
- Supervision of students during internships and semesters abroad
- Organization of excursions to food companies

Your profile:

- You have a completed master or equivalent degree in Food Science, Nutritional Science and Home Economics, Food Technology or a similar study course
- At least four years of relevant, full-time work experience after completing your master or equivalent degree
- Working experience in the food industry in the field of product development, quality management, and food analytics is a plus
- Ideally, you have first teaching experience
- You have didactic talent and a willingness to pursue new qualifications in higher education didactics
- You are highly proficient in written and spoken German and English language (CEFR level C1 at a minimum)

- You are strongly self-reliant and proactive, have a strong sense of responsibility and can work well in a team
- You enjoy working with students in an intercultural environment

Rhine-Waal University of Applied Sciences is committed to the professional development and advancement of women. Female candidates are expressly welcomed and encouraged to apply. In accordance with the Gender Equality Act of North Rhine-Westphalia (*Landesgleichstellungsgesetz NRW*), in cases of equal suitability, aptitude and professional experience, female candidates shall be given preferential consideration over male candidates for vacancies in areas with proportionally fewer female employees, provided there are no specific, overriding reasons for giving preference to a specific male candidate.

In the event of equal suitability, preferential consideration will also be given to disabled candidates or candidates recognised as such by virtue of Section 2 (3) of the German Code of Social Law, Book IX (SGB IX).

Please submit only copies of your original documents and avoid any elaborate folders etc., as we are unfortunately unable to return applications to their sender. Please do not submit your application online or in electronic form.

Please send your application and all relevant documents in hard copy and postmarked by no later than 03rd November 2017 to: **Dezernat Personal der Hochschule Rhein-Waal, Marie-Curie-Str. 1, 47533 Kleve, Germany**. Please specify the **reference number** in your application.
